3-ball is a really FUN group billiards / pool game. It's the perfect game when there are **many players** and only **one** pool table to play on. Great for Parties, Club Tournaments and Bar Leagues.

Tournaments, League Play or Just for FUN...

The 3 Ball Rack helps keep the game
Fair for Everyone!

When playing 3-ball, different players will "**rack**" the three object balls at the start of another players turn. Usually, the last player racking for the next.

The 3 Ball Rack was designed to align the three object balls for the break - the same way for every player in the game or tournament, no matter who does the racking. The chances of accidental (or purposeful) misalignment, "loose racks" and **bad breaks** are greatly reduced when using the 3 Ball Rack.

It's a **FAST RACK**... Anyone can do it

*Extra clearance was built into the 3 Ball Rack so that it can be removed easily without disturbing the object balls. You simply press the three balls forward to form a "**tight rack**". Then slide the 3 Ball Rack forward and lift to remove. This feature allows for FAST and accurate racking that keeps the game or tournament moving along.*

Win - Win... It's all in the **RACK**

Whether playing for fun or practice, participating in a tournament or money game, organizing a charity event or just getting together with friends, If you're going to play 3-ball pool, insist on using the 3 Ball Rack and keep the game **FAIR** for **EVERYONE!**
